

Belbin Self - Perception Inventory

Please spend about 15-20 minutes completing the Belbin SPI. Please note that there are no right or wrong answers; try to respond on the basis of who you are , not who you would like to be . Work at your own pace, taking care not to over-analyze your responses.

It consists of seven sections and each section contains 10 statements. Within each section, you have to allocate points to the statements based on how you feel they apply to you; the sum total of points for the section must be 10.

For example, if you think that one statement applies strongly and two others apply just little, you might distribute the points 6 for "strongly applies" and 2 each for the other two statements. Or if two statements apply equally strongly you might allocate 5 points to each. Alternatively you could give all the 10 points to one statement, or allocate one point to each statement. However try to avoid over liberal use of these extremes! Please allocate whole numbers only - no fractions or decimals.

- 11 My comments on both general and specific points are well received.
- 12 I can work well with a very wide range of people.
- 13 Producing ideas is one of my natural assets.

SECTION 2**IF I HAVE A POSSIBLE SHORTCOMING IN TEAM WORK, IT COULD BE THAT:**

- 20 I am not at ease unless meetings are well structured and controlled and generally well conducted.
- 21 I am inclined to be too generous towards others who have a valid viewpoint that has not been given proper consideration.
- 22 I am reluctant to contribute unless the subject deals with an area that I know well.
- 23 I have a tendency to talk a lot once the group gets on to a new topic.
- 24 I am inclined to undervalue the importance of my own contributions.
- 25 My objective outlook makes it difficult for me to join in readily and enthusiastically with colleagues.
- 26 I am sometimes seen as forceful and authoritarian when dealing with important issues.
- 27 I find it difficult to lead from the front, perhaps because I am over-responsive to group atmosphere.
- 28 I tend to get too caught up in ideas that occur to me and so lose track of what is happening.
- 29 I am reluctant to express my opinions on proposals or plans that are incomplete or insufficiently detailed.

SECTION 3**WHEN INVOLVED IN A PROJECT WITH OTHER PEOPLE:**

- 30 I have an aptitude for influencing people without pressurising them.
 - 31 I am generally effective in preventing careless mistakes or omissions from spoiling the success of an action.

-

SECTION 4 MY CHARACTERISTIC APPROACH TO GROUP WORK IS THAT:

- 41 I contribute where I know what I am taking about.
- 42 I am not reluctant to challenge the view of others or to hold a minority view.
- 43 I can usually find a line of argument to prove an error in unreliable statements.
- 44 I think that I have a talent for making things work once a plan has to be put into action.
- 45 I prefer to avoid the obvious and to open up lines that have not been explored.
- 46 I bring a touch of perfection to any job that I undertake.
- 47 I like to be the person to make contacts outside of the group or the organisation.
- 48 I enjoy the social side of working relationships.
- 49 While I am interested in hearing all views, I have no hesitation in making up my mind once a decision has to be made.

SECTION 5 I GAIN SATISFACTION IN A JOB BECAUSE:

-

SECTION 6**IF I AM SUDDENLY GIVEN A DIFFICULT TASK WITH LIMITED TIME & UNFAMILIAR PEOPLE:**

- 60 I usually succeed despite the circumstances.
- 61 I like to read up as much as I conveniently can on the subject.
- 62 I would feel like finding my own solution and then trying to convince the group.
- 63 I would be ready to work with the person who showed the most positive approach.
- 64 I would find some way of reducing the size of the task by establishing how different individuals can best contribute.
- 65 My natural sense of urgency would help to ensure that we did not fall behind schedule.
- 66 I believe that I would keep calm and maintain my capacity to think clearly.
- 67 Despite conflicting pressures, I would go ahead with anything that needed to be done.
- 68 I would take the lead if the group was not making any progress.
- 69 I would open discussion with a view to stimulating new thoughts and getting something moving.

SECTION 7**WITH REFERENCE TO THE PROBLEMS I EXPERIENCE WHEN WORKING IN GROUPS:**

- 70 I am inclined to over-react when people hold up progress.

Your highest score indicates the role that you predominantly take within a group, whilst your second highest score indicates a role that you can quite comfortably perform within a group. Your lowest score indicates a role that you would not normally take within a group.

***DR** indicates 'dropped points'. In each section, there is one 'control item' that is not directly relevant to any of the specific nine Team Roles. A high score for 'DR' suggests that you may have difficulty in perceiving how you actually contribute to a team and it may be helpful for you to invite some feedback from colleagues on what they consider to be your contributions.

Please turn to the following pages and read the descriptions for your 1st and 2nd highest roles.
